
Luxury Vinyl Tile & Plank

One of the fastest growing segments of hard surface flooring is luxury vinyl flooring or LVT/LVP, a versatile, high performing surface with hard-turning style, large planks and tiles that look like natural wood or stone. Unlike the previous generation of vinyl flooring, modern luxury vinyl, ceramic tile or stone floor, but without the expensive price tag. Durable and waterproof, this gorgeous LVT flooring will resist or looks longer even in high traffic areas. It is also extremely plank resistant. Quick and easy installation makes this product ideal for DI-It-yourselfers.

Hardwood Floors

Hardwood floors add a timeless beauty to your home or business. They last a lifetime and are a great option if you are looking for flooring that never goes out of style. Improvements in finishes and larger widths, offer today's discerning customer a more natural look, while making scuffs and scratches less visible.

Hardwood complements any décor with its warmth and unique charm, featuring a variety of grain patterns such as wire brush, hand scraped, distressed and heritage grade finishes.

Laminate Floors

Modern laminates are beautiful, durable, water-resistant and come in a wide range of styles, textures and shades that look like hardwood, tile and stone. This attractive and affordable flooring is formed using a pressurized-heat process, making it tough and scratch resistant, and able to withstand wear and tear.
