

4-in-1 Multifunctional Transition

This versatile trim combines four essential transition solutions into one product, designed to provide seamless transitions between different flooring types. This all-in-one solution offers maximum flexibility and clean, professional finishes for any space.

T-Molding

Transitions between flooring of equal heights and in doorways.

Hard Surface Reducer

Transitions between two floors of different heights.

End Molding

Finishes flooring where it meets sliding glass doors or vertical surfaces, like a fireplace hearth.

Carpet Reducer

Provides a smooth transition between hard surface flooring and carpet.

Specialty Retail SKU	BMF SKU	Karastan SKU	Length	Width	Height	Core Material	Surface Materials
