

## Vinyl Stair Tread

Designed to match the color and grain pattern of any resilient vinyl flooring, the full stair tread can be placed directly over existing stair treads for easy installation. Perfect for closed or open staircases, both ends come pre-mitered to allow for the included return.

Treads and returns sold together. Risers sold separately.

### ADHESIVES

TreadBond® adhesive makes installation simple – designed to work with all Performance Accessories® Stair Solutions.

Specialty Retail SKU	BMF SKU	Karastan SKU	Profile Name	Quantity	Length	Width	Height	Core Material	Surface Material
RVTRD	PVTRD	KVTRD	Stair Tread	2	48"	12.25"	1.75"	PVC	Highly Wear-Resistant UV-Coated PVC
RISR	PRISR	KRISR	Riser	8	48"	0.5"	7"	Industrial-Grade Particle Board	Highly Wear-Resistant UV-Coated PVC

## Overlap Stair Nose

This vinyl stair nose provides a finished edge to coordinate the staircase with the floor covering. The durable molding is designed to handle routine foot traffic up and down the stairs. Also water-resistant, it can be installed along stairs in any room. The profile is user-friendly and easy to install.

This prefinished molding coordinates beautifully in design and texture with floors, no painting or staining required.
